SCIENCE  
UNDER THE  
STARS

A photograph of the Western Science Center building at night. The building is a modern, multi-story structure with a facade of white panels and large glass windows. The building is illuminated from within, and the windows are lit up, showing interior spaces. The building is set against a dark night sky filled with numerous stars. The overall scene is a promotional image for a sponsorship event.

 WESTERN SCIENCE CENTER

*An evening to support science exhibits, research, and education.*
